Past performance cannot guarantee future results. Returns greater than one year are annualized. Returns are expressed in U.S. dollars. Composite returns reflect the reinvestment of dividends and other earnings.

Performance prior to November 1, 2014 occurred while the portfolio management team was affiliated with a prior firm. Such members of the portfolio management team were responsible for investment decisions at the prior firm and the decision-making process has remained intact.] Gross-of-fees returns are presented before management and custodial fees but after any transaction costs. The composite net-of-fees returns reflect net-of-model fees and are calculated in the same manner as

gross-of-fee returns using the Time Weighted Rate of Return method. Actual fees may vary depending on, among other things, the applicable fee schedule and portfolio size. The firm's fees are available on request and may be found on Part 2A of its Form ADV.

*2024 Returns are for the 5-month period from inception on 8.1.2024 through 12.31.2024.

The Trivalent International Small-Mid Equity Composite includes all portfolios of \$100,000 or more that are managed according to the Trivalent International Small-Mid Equity strategy. The strategy aims to invest in high quality foreign small-mid companies with improving business momentum that are trading at attractive relative valuations. The benchmark is the MSCI ACWI ex USA SMID Index (Net). The composite creation date is June 2024 and the inception date is 8/1/2024.

The benchmark of the composite is the MSCI ACWI ex USA SMID Index (Net). The MSCI ACWI ex USA SMID Cap Index captures mid and small cap representation across 22 of 23 Developed Market (DM) countries (excluding the US) and 24 Emerging Markets countries. With 5,462 constituents, the index covers approximately 28% of the free float-adjusted market capitalization in each country. The benchmark returns are provided to represent the investment environment existing during the time periods shown and are not covered by the report of independent verifiers. For comparison purposes, the index is fully invested, which includes the reinvestment of income. The returns have been taken from a published source and do not include any transaction fees, management fees, or other costs.

All investments carry a certain degree of risk including the possible loss of principal, and an investment should be made with an understanding of the risks involved with owning a particular security or asset class.

Index returns are provided to represent the investment environment during the periods shown. Index performance does not reflect management fees, transaction costs or expenses that would be incurred with an investment. One cannot invest directly in an index. **Past performance does not guarantee future results.**
