## FUND FACTS

### Investment Style

World Stock

### Investment Objective

Long-term capital growth

### Investment Strategy

The Fund normally invests at least 80% of the value of its net assets in a diversified portfolio of equity securities issued by companies around the world. The Fund may invest in any country, industry, or company size in the world. The investment team seeks to identify companies that it believes possess strong earnings quality, operational efficiency, sound management, favorable growth characteristics, and attractive valuations, and that enjoy favorable market sentiment. The Fund's investment team monitors macroeconomic and political trends, as well as risk exposures, as part of the overall investment process.

### Investment Team

The RS Developed Markets team seeks to exploit global equity market inefficiencies by combining the best traits of quantitative and fundamental investing.

**Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. To obtain performance information current to the most recent month-end, visit [www.vcm.com](http://www.vcm.com).** Returns include reinvestment of dividends and capital gains. Performance for periods greater than one year are annualized. Fee waivers and/or expense reimbursements were in place for some or all periods shown, without which, fund performance would have been lower.
